Press Release

RMLD to Roll Out New Electric Vehicle Pilot Rebate Program on June 1, 2018

Reading, MA – Reading Municipal Light Department (RMLD) will launch its new electric vehicle (EV) pilot rebate program on June 1, 2018. The pilot is set to run from June 1 through October 31.

Electric vehicles offer significant environmental benefits as well as reduced fuel costs for EV owners. RMLD's new program aims to support the adoption of EVs in our service territory by providing customers rebates for the purchase of 100% electric vehicles, plug-in hybrid electric vehicles, and EV charging stations. This new program aligns well with RMLD's ongoing *Be Efficient, Get Greener, and Go Paperless* initiative.

Be on the lookout for the official program announcement on June 1st. For more information on electric vehicles, visit <https://pluginamerica.org/why-go-plug-in/>.
