Town of Reading interested in alternate use of RMLD Ash St campus

- As part of a larger vision to repurpose sites on both sides of MBTA
- Mixed use given close proximity to Reading center and MBTA rail
- Adjacent to residential areas
- Discussion extend back over 2 decades

RMLD is hosted several public forums (Sep 2022 most recent)

RMLD has shared openness to relocating if:

- Suitable alternative is available
- Economics do not unfairly favor rate payor groups across service territory

Operations building (218 Ash) needs renovation or rebuild

- Storage of stock spread across several sites (not time efficient)
- Garage challenged to handle larger trucks
- No provisions for team quarters during storm coverage
- Ash, Bolton, Main intersection a know traffic challenge (especially for trucks)

Station One is a historic building that needs investment before reuse

236 Ash less effective layout for RMLD team

Other three Ash Street Campus owners open to selling to RMLD

- One owner prefers to stay somewhere on campus

Town of Reading / RMLD Teamwork

RMLD and Town planning have been working to make progress

Recognition that are many stakeholders and goals not fully aligned

Recognition that Town and RMLD must collaborate and make progress

Town secured \$100,000 grant to create area (both sides of MBTA rail) concepts

RMLD open to contribute \$50,000 to append \$100,000 grant and have input on concept designs (total \$150,000 for area concepts)

Town to issue RFP to select vendor to create drawings based on public input

RMLD to have voice on vendor and resultant concept drawings
