

Appendix K – RMLD

Additional Fees and Charges

ADDITIONAL FEES AND CHARGES

Effective: July 1, 2016

Connection Fee. The Customer may be subject to a permanent connection fee. The Customer may be subject to a connection fee. Please refer to Section 7.0 and 8.0 for more information on cost of service.

Disconnection Fee. The Customer may be charged a disconnection fee of \$85.00 for meter shut-offs and \$120 fee for pole shut-offs, where applicable, including temporary disconnections.

Reconnection Fee. The Customer shall be subject to a reconnection fee for each reconnection of service. The reconnection charge for regular service during normal business hours shall be \$ 85 at the meters and \$120 at the poles.

Returned Check Fee. RMLD may charge a minimum fee of \$30.00 for each returned check. RMLD, at its option, may charge to the Customer the actual costs incurred by RMLD for each returned check.

Meter Tests. The Customer shall pay an \$85.00 fee for meter testing. The fee will be refunded if the meter is found to be inaccurate.

Meter Changes. Meter changes at the Customer's request are subject to an \$85 fee. The fee will be refunded if the meter is found to be inaccurate.

Temporary Service. A \$300.00 fee will be charged for temporary service for single phase 120/240 Volt, 100 AMP, 3-wire service connections for building construction or reconstruction that will not result in permanent service. All other temporary services will be charged based on RMLD's estimated costs and shall be paid in advance.

Overhead Rubber Insulation Fee. The RMLD will install overhead rubber insulator sleeving at no cost to the Customer for up to a 60-day use. The customer must contact RMLD for pick-up; a per-diem rate of \$4.50 applies to any usage days beyond 60 days.
